CHIEF'S OFFICE

Mr. John T. Campbell
Head, NBC Monitoring Service
Caversham Park
Reading Berks
England

Dear John:

You probably know that [] who was chief of FBIS Mediterranean Bureau from 1952 to 1954, will shortly take up that post again as a replacement for [] when the latter is reassigned to headquarters; and that [] is to replace [] as deputy Bureau chief in Cyprus.

Although I would prefer that [] have the benefit of a few days at Caversham en route to Cyprus, his family situation precludes it. He has therefore scheduled only a transit stopover in London, from Saturday evening 26 November to Monday morning 28 November. This does not give [] much time, but I hope that he will be able to contact you by telephone; and if it can be conveniently arranged through [], to pay a brief visit to Caversham on Sunday the 27th.

I believe you met [] in the course of your visit to Tokyo in 1958, when he was stationed there. Since then, [] has been deputy chief in Okinawa. He is passing through England en route to Cyprus and will be at Caversham 21 through 25 November. An orientation in NBC Monitoring Service activities would, I think, be most helpful to him in his new assignment, especially in the field of Kyrenia-Caversham cooperation and coordination.

Sincerely,

[]
Chief, FBIS

RGSeely/mec
